2025

20th anniversary celebration

Dear clients, friends and all together fashion lovers and enthusiasts,

we reached a significant milestone, behind I.G.O.R. is a 20 year long prized quest. Quest full of countless hours and tireless effort so we could turn back and feel the satisfaction. Now it calls for reflection on the journey and the achievements.

Throughout two decades there were numerous collections and whirlwind of emotions, a whole universe of simple yet powerful combinations of inspiringly chosen fabrics, textures and colours, today acknowledged on four continents as I.G.O.R.. It was also a journey of ensuring its survival and defying all odds and ties of uncertainty.

Our new collection SS 2025 is therefore a very sentimental throwback in the spirit of celebrating 20th anniversary. And, whether you joined us on our journey 20 years ago, 10 or just yesterday, this collection will give you a bit of retrospective and introspective of artistic idea behind contouring and forming I.G.O.R. throughout the years.

From garments and patterns, to materials and colours embracing your body, as in deepest serenity of nature, to extravagant and bold combinations that stand out and make statement the second you look at them. With this collection we hope that each one of you will find and recognize a little piece of I.G.O.R. identity and authenticity, created for the past 20 years, ready to meet a new decade.
